RIT

Destler/Johnson Rochester City Scholars

The **Destler/Johnson Rochester City Scholars Program** was created in 2010. This unique program offers full-tuition scholarships for full-time first-year students from public, including select charter, high schools within the Rochester City School District, and the Urban-Suburban Interdistrict Transfer Program.

Admitted students are eligible for full tuition covered through a combination of RIT scholarships and state and federal need-based grants.

Scholarship Program Requirements:

- Students must live in the city and attend an approved high school within the district, or Urban Suburban school, for the last three years of high school.
- Students should apply for admission by **January 15** to ensure full consideration. **The \$65 application fee is waived.** (Applications received after January 15 will be considered as long as space and funds remain available.)
- Must be accepted through RIT's regular admission standards and **enroll full-time** at RIT in the fall semester after graduation.
- The high school counselor, or Urban Suburban Program Director, must submit RIT's electronic Student Eligibility Certification form.
- Must file a valid FAFSA and be a U.S. Citizen or eligible non-citizen to be reviewed by the Office of Financial Aid and Scholarships. The student's total annual family income (including taxed and untaxed income) must not exceed \$75,000.
- Once the offer of admission is accepted, the \$500 enrollment deposit will be waived.

DDI Summer Experience

Students admitted to the Destler/Johnson Rochester City Scholars program are required to participate in the **Division of Diversity and Inclusion's Summer Experience**, which is a fully funded residential summer program providing personalized one-on-one academic coaching, academic skills enhancement, a strong support network, and the opportunity to **earn up to six RIT college credits.**

First-year, Lah May Paw, was asked: How did the DDI Summer Experience help her prepare for her first semester, academically and socially?

"The DDI SE program helped prepare me for my first semester by showing me how I can stay on track with my classes and spend time with my friends. I need to make a weekly or monthly planner in order to succeed academically and socially. The program also opened a connection for me. With my peer advisor and my academic coach, I now know where to get help, make new friends, join clubs, and receive information that might interest me."
