

## Resources that are Available to Assist You and Your Family

New York State and the Rochester City School District requires that all students attend school.

When your child is absent from school, important instructional time is lost. In order for your child to learn, they must be present every day for instruction. Unfortunately, there are several reasons that some students do not want to or cannot attend school and we are here to help you and your child figure out how to overcome those barriers that keep them from school.

Many resources at school and in the community are available if you need assistance with family related concerns, community problems, safety, or health issues.

Please see below for suggested resources.

**Your child's school counselor:** 242-7682 ext. 1790 to be directed to your child's counselor
