

SCHOOL #2

CLARA BARTON

WEEKLY SUMMARY

This week begins our Planning sessions with Schools 29,46 and 57. Take advantage of the opportunity to plan with colleagues from other schools. There may be some schools that are ahead of us in terms of the rollout, and others that are not as far as we are. So take these days as an opportunity to share what you've learned so far and to dig into the "Unknown" with groups from other schools that are in the same boat you are in. This may be our only chance to share a full day with colleagues from other schools with no purpose other than to walk away knowing how we can make the Common Core Curriculum work and work well for us, so take advantage of every minute you have.

CENTER TIME FOCUS

At this point **every class** should have 4 centers up and running. Start to slowly increase the amount of time at each center from 5 minutes up to 10 minutes for the month of October.
