Description: The following, Student & Family Support Center Coordinators; along with, their buildings Bry's Coordinators, will work 2 days together to compile a list of student that meet Bry's mentoring program guidelines that will be either continued with existing mentor, assigned a new mentor from summer training. They will be responsible to get a list to Central Office and sending out mailing to mentors before school starts with student they are mentoring and expectations. This will ensure staff is linked with their student, and that they start up right in September. The 2 staff members will also send a letter to existing mentors letting them know if they will be with same student (if still fit program criteria) or a new student. (Data has shown better results in full year-vs-half year). Also 3 of these hours will be to meet with Dr. Brenna Bry for a site visit/technical assistance.
