Resolution No 2004-05: 603

By Member of the Board Thompson

WHEREAS, from the beginning of the 20th Century, prior to July 1, 2004, school health services for Rochester schools had been provided by municipal health departments; and whereas the service provided by the City of Rochester Health Department devolved by mutual resolutions to the Monroe County Health Department, beginning in September 1958, when that department was established; and

WHEREAS, with the adoption of its 2004 budget, the County of Monroe determined that it was no longer positioned to fund or provide school health services to Rochester schools, and that decision has been sustained in decisions of the New York State Supreme Court and the Appellate Division, Fourth Department; and

WHEREAS, within the geographic boundaries of the Rochester City School District there exists a marked concentration of poverty, of racial concentration or isolation, and of limited English language capacity, which together increase the risk that school age children do not have access to any regular or adequate health services outside of school; and that unless the District has express and flexible authority to provide such services directly or through contractors, and to develop an integrated health services network with available community resources, many children within the District are likely to continue to have insufficient access to health care, with the inexorable result that their educational development will also be impaired, to the long term detriment of those children and to the detriment of the City of Rochester and of the State; and

WHEREAS, a key element of the legislative agenda previously recommended by the Community and Intergovernmental Relations Committee and adopted by this Board was to promote a creative and flexible statutory framework to provide health services directly or through BOCES and/or the health services community; to authorize use of emerging technologies and to use strategies which utilize the full range of health care and insurance assets in the community; and to assure maximum possible State reimbursements for such services; and

WHEREAS, the Board has considered the recommendation of the Community and Intergovernmental Relations Committee that the District seek support and passage of legislation presently named the Integrated Health Services for Fiscally Dependent School Districts Act, which draft has been forwarded in the Committee's report of February 17, 2005;

NOW THEREFORE,

BE IT RESOLVED, that the Board of Education of the Rochester City School District supports the aforesaid legislation to provide authority to effectively and creatively address the unique and significant health challenges facing the students of this District; and

BE IT FURTHER RESOLVED, that the Board of Education of the Rochester City School District respectfully urges the members of State Assembly and the Senate serving Monroe County and other jurisdictions similarly situated to sponsor and to support the passage of a bill incorporating the features of the proposed Integrated Health Services for Fiscally Dependent School Districts Act in their respective houses with all possible dispatch;

BE IT FURTHER RESOLVED, that the Board of Education of the Rochester City School District respectfully requests that the Governor sign legislation incorporating the features of the proposed Integrated Health Services for Fiscally Dependent School Districts Act.

By Member of the Board Thompson

Whereas, In September 2004, the Superintendent of Schools entered into an Agreement with Idea Connection Systems, Inc., 693 East Avenue, Rochester, New York 14607, for services related to the District's Diversity Initiative; and

Whereas, the Superintendent of Schools wishes to engage Idea Connection Systems to perform a new scope of services for the District to further assist the District in the development of an organizational diversity strategy; however, issuance of a second contract will put the cumulative value within the range requiring Board authorization, be it

Resolved, That the Superintendent of Schools or his designee be, and hereby is, authorized to enter into an agreement with Idea Connection Systems, Inc, 693 East Avenue, Rochester, New York 14607, to assist the District in the development of an organizational diversity strategy to benefit all District stakeholders including students, teachers, administrators, and parents by encouraging a culture that is more inclusive and participatory, for a sum of Twenty Thousand Dollars (\$20,000.00), contingent upon the form and terms of the agreement having been approved by Counsel to the City School District.
