Chair Willa Powell said the Finance Committee met on Tuesday, August 26<sup>th</sup> to review the June 2008 Financial Reports, which includes budget amendments and resolutions 145 through 161 and resolutions 201 through 203. She motioned for a waiver of the 48 hour rule to accept amended resolution #156 for Monroe 2-Orleans BOCES (Project Lead the Way), which was amended to provide more clarity. The next Finance Committee meeting will be held on September 18<sup>th</sup> @ 5:30 p.m.

### **Quality Assurance:**

Chair Van White explained that he was wearing a Temple t-shirt and jeans because he had just dropped his daughter, an RCSD 2008 graduate, off there at college; the experience for him brought it all together, even beyond graduation. All students must be prepared not just for graduation, but for life afterward. For his report, Commissioner White said the Committee met on Wednesday, August 20<sup>th</sup> @ 4:00 p.m. to discuss: Presentation on the Destiny Program and Career and Technical Education Programs. He noted that 15 out of the 26 Career and Technical Education programs that District offers are not State approved. At least 3 of these programs are not approved due to staffing issues. We as a District need to do a better job of making sure that all of the CTE programs are approved. It would also be helpful if the District can provide us with a timeline of when we can expect approval for the remainder of the CTE programs. Dennis Richardson and his staff will provide a brief presentation on the Hillside Work Scholarship Program at the Oct. 9<sup>th</sup> Quality Assurance meeting. The next Quality Assurance meeting is on Thursday, September 11<sup>th</sup> @ 5:30 p.m.

### **Community and Intergovernmental Relations:**

Chair Melisza Campos said Community and Intergovernmental Relations met August 12 and Commissioner Elliott joined us. Although we are pursuing avenues to having the drop-out age raised from 17 to 18, we are also asking that the issue be referred to the Quality Assurance Committee for research on the potential impact on academic achievement. Commissioner White is a member of both committees and will facilitate communication. We are drafting a letter to our federal representatives regarding amendments to the Americans with Disabilities Act, which, for public school systems, could amount to a new unfunded mandate. The Council of Great City Schools is opposed to the measure, as it could impose new costs for Districts without demonstrated benefits for students. Thanks to Linda Stagles for attending our meeting and keeping us informed of this legislation. Our committee has asked President Evans to contact Council President Santiago regarding a joint session to discuss how we can collaborate regarding state funding, Maintenance of Effort, Mayoral control, truancy, and other issues that affect the City and the District. We'd like to see this first joint session take place in late September or early October. There is a program called "Five by Five" in Denver in which children are exposed to at least five cultural experiences by the time they are five years old. This is a terrific example of what city and school district governments can accomplish when they work together for the good of children; CIR is looking into how we can initiate a similar program here. Our next meeting is September 15 at 5 p.m. and everyone is welcome to join us.

President Evans referred the drop-out age issue to QA. He said Council President Santiago is interested in a joint session and reinstating the "3 on 3" meetings with commissioners. Commissioner Brennan asked if the Mayor was part of those meetings; Commissioner Powell reported that historically the Mayor had not been. Commissioner Brennan said it would be in the public interest to invite the Mayor, as there is more common ground than not. President Evans said the Mayor could be invited.

### **Policy:**

Chair Thomas Brennan said the Policy Committee met August 11. We acted on three items, which I articulated in a memo to the Board on August 21 with attached materials. Amendment to Policy 6725,

Responsible Bidder: This amendment is being forwarded as an information item, with discussion and a vote anticipated for our September 25 meeting; Policy 5300, Code of Conduct: We are forwarding this as an information item, with discussion on it anticipated for September 25, 2008 and a vote on October 23, 2008. In your dais packet tonight is the full 48-page document; Superintendent's Regulation of Discipline & Intervention: This is being forwarded as an information item. It will be reviewed by the Committee again following final revisions/input from Legal. Policy also discussed the Board's Policy Manual. We are arranging for a representative from Erie I BOCES to make a presentation regarding its Policy Manual update services for our next meeting, which is September 8. We anticipate a resolution for the full Board regarding the proposed update for the September 25 meeting and will keep all informed. While we are not calling a Committee Meeting of the Whole for the September 8 meeting, all commissioners are encouraged to attend for this important presentation.

Commissioner Campos said she understood that the Quality Assurance Committee had requested a name change that was discussed by Policy. Chair Brennan said there were not two votes to move the request forward to the full Board and that there were logical arguments on both sides. Upon conferring with President Evans, Commissioner Campos said she would raise the issue under "New Business" at the September 25 Business Meeting.

### **Audit**

President Evans read Chair Allen Williams' report: The Audit Committee met on Wednesday, August 20th at 5:30PM and reviewed the 2008-2009 Office of Auditor General's Risk Assessment and Audit Plan. The OAG Audit Plan will be submitted to the full Board for review and approval at the September Board Meeting. The Committee discussed the Audit Committee Charter. The Audit Committee will evaluate the contents of the Charter at the next Committee meeting. The Audit Committee is also moving forward with accepting recommendations from the full Board for a Financial Expert to join the Audit Committee. The Financial Expert is a non-salaried position to the Board to provide additional financial expertise to the Audit Committee.
