

Automotive Technology Employability Profile

Student:		Student ID:		Date:	
-----------------	--	--------------------	--	--------------	--

Evaluation Grading Scale

Unsatisfactory (1)	Needs Improvement (2)	Meets Expectations (3)	Exceeds Expectations (4)
Does not demonstrate the skills required for the position and is in need of a formal plan for improving skills. Additional training needed.	Inconsistently demonstrates the skill needed for the position. Further development is needed.	Demonstrates the skills for the position with rare exceptions. Shows initiative for improving skills.	Consistently demonstrates skills required for the position. Often exceeds expectations and has emerged as a leader of the team.

	Performance Expectations/Skills (The Proficient Automotive Student will)	NA	1	2	3	4
1	Demonstrate employability skills that will help them get a job and meet employer's professional expectations.					
2	Demonstrate academic knowledge and skills that meet postsecondary requirements.					
3	Consistently demonstrate safe practices and healthy relationships.					
4	Properly select, use, store, and maintain all tools and equipment.					
5	Effectively read a variety of materials and communicate in a variety of situations.					
6	Accurately solve mathematical calculations, and apply geometric concepts, in context.					
7	Accurately measure within industry-standard tolerances.					
8	Demonstrate grit. Persevere through challenges and not give up.					
9	Prepare vehicle for service.					
10	Diagnose and repair disc brake systems.					
11	Diagnose and repair drum brake systems.					
12	Diagnose and repair steering and suspension systems.					
13	Inspect and adjust manual drive trains.					
14	Diagnose and repair electrical/electronic components and systems.					
15	Inspect tires and perform tire service.					
16	Evaluate the condition of a battery and determine what action should be taken.					

	Performance Expectations/Skills (The Proficient Automotive Student will)	NA	1	2	3	4
17	Diagnose and repair the starting system.					
18	Diagnose and repair charging systems.					
18	Inspect and repair lighting and accessory systems.					
18	Inspect and identify parts of heating and cooling systems.					
19	Demonstrate proper torch and welder operation.					
20	Inspect and replace engine performance parts.					
21	Inspect and repair hydraulic brake systems.					
22	Based on your knowledge of this student, how would you rate his/her overall performance?
