

Family Commitment Letter

At Francis Parker School #23:

As a parent/guardian of a student at Francis Parker School #23, I understand that this school is working to build a welcoming, positive safe community for my child. I agree to support this effort by:

1. Being an Active Participant
 - Assuring that my child attends school every day
 - Attending school events (parent-teacher conferences, open house, community events, school meetings)
 - Supporting learning at home by discussing the school day with my child
 - Updating the school with current numbers and contact information

2. Holding my child accountable
 - Reviewing Habits of Work of Learning with my child (Perseverance, Commitment to Quality, Collaboration, Honor and Integrity)
 - Making sure they complete their homework
 - Following each of The Essential 23

3. Resolving any conflicts and disagreements peacefully
 - Communicating my questions and concerns with the school
 - Being ready to compromise when the situation calls for it
 - Collaboratively seeking a positive solution that restores relationships

4. Serving as a positive role model
 - Being thoughtful about my actions and what I say, both on and off school grounds.
 - Be a consistent user of The Essential 23

I understand that families are central to the success of our children and I will continually partner with Francis Parker School #23 in a positive manner.
