98	- I loved the short video from Celeste Headlee (I'm not sure I spelled that correctly)! It was so succinct but SO important to remember every day!	11/19/2018 8:39 PM
99	2 hours vs 3 hours Smaller groups that have a set goal/similarities in their disciplines having time for discussion, sharing out with other groups was great- it wasn't in a large group which sometimes is hard to hear/focus- this format allowed us to have discussions with other groups/share out and listen	11/19/2018 8:20 PM

100	Ability to discuss and consult with mentors in my field. Food was also helpful as it keeps us from starving after a long day. Very good chance at least half of the ,entire had no more than a granola bar, if that, for lunch.	11/19/2018 8:19 PM

13	more time with colleagues to write reports together	11/26/2018 7:18 PM
14	having time to talk to mentors in my tenure area, not necessarily about action research because that can be narrow, but about all of the issues that come up with interns as well as veteran teachers and solutions we've found or have a chance to brainstorm together	11/26/2018 3:10 PM
15	More time to collaborate with our letter teams.	11/26/2018 3:03 PM
16	having real life scenarios and having time to work and brainstorm best ways to handle situations	11/26/2018 2:06 PM
17	not sure	11/26/2018 2:03 PM
18	I'm not sure	11/26/2018 1:33 PM
19	Not sure. Maybe more videos on how to communicate better, or articles on best practices.	11/26/2018 1:25 PM

29	Getting input from interns as what they need MORE help with and then we can facilitate meetings based on these needs	11/25/2018 7:09 PM

30	Have 3, 30 minute sessions that mentors choose to attend. Sessions are reflective of professional development occurring to help mentors~ ie, Danielson rubric Classroom Environment, classroom management, engaging students, engaging questioning, etc. There have been many cases where I have to attend and juggle going to my three children's school/sporting events, when transportation isn't provided at their school. I tend to miss some really valuable pd's due to this.	11/25/2018 5:18 PM
31	More time with other networks.	11/24/2018 1:52 PM
32	No roving group chats. It's very hard to hear anyone when everyone is up and talking.	11/23/2018 1:34 PM
33	Giving teams more time to meet. We all work in different schools and 30 minutes of plan time is not enough.	11/21/2018 4:03 PM
34	It would be nice if we consistently were given time to meet with people who are in our exact profession to discuss issues/solutions with interns.	11/21/2018 2:31 PM

41	Not sure	11/20/2018 12:47 PM
42	N/A	11/20/2018 12:18 PM
43	Social workers need time set aside to discuss our discipline and things that concern us specifically.	11/20/2018 12:17 PM
44	I wish that we had time to talk to the third group during rotations	11/20/2018 11:55 AM
45	Mentor presentations about their interns and possible scenarios that can occur	11/20/2018 11:40 AM
46	I think we need more time to plan and meet and gather everyone's thoughts about the topic we chose to discuss in our small team. i felt that many didn't participate nor shared much.	11/20/2018 11:32 AM
47	More time to discuss our work with our interns and get feedback/tips from other mentors.	11/20/2018 11:05 AM

52	N/A	11/20/2018 9:58 AM
53	Time to work with mentor network.	11/20/2018 9:42 AM
54	I think the two hours allotted is sufficient time for our focused PD. I also think that break out or sharing opportunities where we are able to engage with other mentors is useful.	11/20/2018 9:38 AM
55	Having more time talking to the mentor networks	11/20/2018 8:57 AM
56	Continued time to collaborate and problem solve common Mentor issues.	11/20/2018 8:56 AM

58	Longer worktime.	11/20/2018 8:41 AM
59	-Maximum time to collaborate within our Network	11/20/2018 8:39 AM
60	I think the directions may not as been as thorough as we may have needed. In particular, the opening activity .. it may have been more helpful to have had an example of what we were to do.	11/20/2018 8:37 AM
61	As much time conversing with other mentors as possible	11/20/2018 8:28 AM
62	Time to work in our group.	11/20/2018 8:25 AM
63	More time dedicated to our mentor group, even just about 10-15 minutes.	11/20/2018 8:17 AM

64	Continued time to work in focus groups.	11/20/2018 7:59 AM
65	more time with content area folks	11/20/2018 7:51 AM
66	More time allocated for certain activities. Our sharing with other groups was perfect amount of time for the first pairing, but the second one had barely any time once that group came to our area.	11/20/2018 7:43 AM
67	sitting in s preferred seat.	11/20/2018 7:42 AM
68	Given the size, it is understandable that the content is what it is, but I think instead of grouping us by content area only, it would be very impacting to put new mentors with senior mentors to discuss issues, obstacles, or triumphs they are experiencing. The forums are very whole group and encompassing, and they don't always provide an outlet for individual experience. I'm sure that is the design of the new mentor training, but I think it would be great to talk with experienced mentors as a new mentor...kind of like mentoring within mentoring.	11/20/2018 7:26 AM
69	I find the content area/table discussions are powerful in sharing strategies for struggling/excelling interns	11/20/2018 7:18 AM
70	More time with network.	11/20/2018 7:17 AM
71	More time to connect with my mentor team, without interruption	11/20/2018 7:02 AM
72	more time to talk about the "nuts and bolts" of mentoring: finding time to visit interns, report writing, finding resources	11/20/2018 6:48 AM
73	Reduce the time. Too long after working all day.	11/20/2018 6:05 AM
74	nothing..keep doing the great work	11/20/2018 5:59 AM
75	I think they are good.	11/20/2018 5:25 AM
76	It would have been helpful if there was actually time to plan our peer projects as many of our peers were not at the last meeting when we began this project and then some were missing so really it is hard to get work done unless we all meet outside of the founs, which is challenging.	11/19/2018 10:21 PM
77	More relevant information like that presented in the TED talks. Data review, although important, seems to absorb most of our time. Bigger font on the sheets as well. Very difficult to read today.	11/19/2018 9:14 PM
78	I'd like to see a list of items due. As a new mentor, I am confused by what is expected of me.	11/19/2018 9:05 PM
79	Being able to circulate and talk with other groups was great. More of this!	11/19/2018 8:58 PM
80	Continued examples	11/19/2018 8:57 PM
81	Knowing how other first year mentors are doing with the processes and proctor mentoring.	11/19/2018 8:55 PM
82	n/a	11/19/2018 8:48 PM
83	Spending time with our group as we did today.	11/19/2018 8:43 PM
84	Continued collaboration	11/19/2018 8:39 PM
85	If it were possible to have different tables... tonight I was seated with my back to the screen and it really made it hard to follow along.... I know it's a small thing, but it impacted me tonight!	11/19/2018 8:39 PM
86	providing electronic copies. There was alot of wasted paper	11/19/2018 8:20 PM
87	Less complex strategies. The disunion session with other mentor groups was a bit confusing. Having five minutes to discus with your own group before talking with another would have been helpful.	11/19/2018 8:19 PM
88	Continued group work	11/19/2018 8:19 PM

1	I think in the short amount of time you both get a wealth of information to us. I would like a hand printed copy or link to PD's and clear specifics about which are to do with our intern and which are available solely for new teachers, or mentors only. Sometimes I am trying to write it all down and TruNorth isn't an easy way to find out what is available, especially when some classes aren't loaded or access isn't available for everyone, then you can't see what is an optional PD for you/your intern. The TED Talk was awesome, and time to work with out colleagues is always appreciated and most valuable to our growth. Thank you!	12/18/2018 10:52 AM
2	In theory the Mentor Network Group is a great idea. Many feel that it is another item to add to our busy plate. We therefore plan to do most of it through email and google docs. It would help to have a solid hour at our next mentor meeting devoted to the Mentor Network Group.	11/27/2018 10:09 AM
3	Our network group is struggling. We talked about splitting into two groups - elementary and secondary - to be able to address our particular issues, so this might help.	11/27/2018 7:30 AM
4	Yes to all of the above. The TED Talk was great. Working with my Mentor network group, and sharing/listening to others was also valuable.	11/27/2018 12:09 AM
5	need more time for focus group	11/26/2018 7:20 PM
6	I wish I could have had time to read all of the pieces from the survey. I like being in a CIT Mentor Network, but don't yet see the value in the action research itself. We needed more time to tighten up our plan, so sharing with other networks was almost pointless. I and another teacher were the only ones of our group to really interact with the other networks. The rest of our network was in 2 groups- either talking amongst each other or trying to figure out our action research plan. I was hoping to hear something from the other 2 networks that would help us, but they were also scrambling to finalize a plan and we spent more time explaining our roles and/or intern issues. I understand the benefits of action research, but right now, I just want to talk to my network about problems and solutions and learn from each other how to best support our interns.	11/26/2018 3:16 PM
7	the TED talk was a perfect reminder how important it is to listen	11/26/2018 2:07 PM

9	one of the most relevant to date, and loved the Ted Talk	11/26/2018 1:33 PM
10	The Ted talk was a nice addition. Fun to watch.	11/26/2018 1:18 PM
11	I enjoyed reading how well the mentors did last year with their interns. i enjoyed the Ted talk as well.	11/26/2018 1:05 PM
12	It would be helpful to have more time dedicated to working with our network during the mentor meetings.	11/26/2018 12:48 PM
13	this was an amazing informative video	11/26/2018 12:45 PM
14	I really enjoyed this mentor forum	11/26/2018 12:29 PM
15	The Mentor Network seems like a lot of extra work outside of our sessions and adds lots to our plate.	11/25/2018 7:11 PM
16	I LOVE LOVED the TED Talk by Celeste Headlee. I've listened and shared that same TED talk to my peer teachers last year and it's powerful. TED talks are a great learning tool and would love to see more that are applicable, like this one.	11/25/2018 5:20 PM
17	Loved the Ted talk. I did not feel that sharing with other groups was at all helpful because most didn't yet have a strongly formed idea of what their focus would be.	11/23/2018 1:35 PM
18	More time for mentor netowtking	11/21/2018 4:04 PM
19	Loved the Ted Talk!!	11/21/2018 2:09 PM

20	I didn't understand the survey form that listed 'major focus' and 'addressed.' What does major focus mean? I think that I understand that 'addressed' means that the intern and mentor did work in that area, but not at all did I understand what 'major focus' meant.	11/20/2018 2:22 PM
21	I felt that the TED talk was redundant of what most of our mentoring meetings are about.	11/20/2018 1:46 PM
22	I truly enjoy mentoring. Adding additional responsibilities of participating in a mentor network is very stressful. Time management is always a struggle for teachers and mentors. I feel between adding professional development hours, report writing, going into classrooms to observe and the addition of networking is too much. I want to focus on being an effective mentor. I didn't necessarily agree with the groups goals either. I am rambling...	11/20/2018 1:39 PM
23	We really didn't have enough planned out to share with other groups, nor did they. Maybe saving that for next time? Not sure. It helped us work some of our thoughts out at least.	11/20/2018 1:37 PM
24	for presentation purposes please use 20 font or larger and also printouts should bein least 12 font size or above. Difficult to read info of the board and see up close.	11/20/2018 12:51 PM
25	Enjoyed the Ted Talk "Guest Speaker". Good choice of topic - applicable to Conversations with anyone - Interns, students, family, peers.	11/20/2018 11:59 AM
26	They were fine	11/20/2018 11:56 AM
27	The TED talk was super helpful, I would have loved time to talk with our mentor networks afterward.	11/20/2018 11:05 AM
28	Many people in our network were not at the last meeting and had not established any connections yet. Seemed like the other groups had ideas, but didn't follow thru as there just isn't a lot of time for 1 more thing.	11/20/2018 10:26 AM
29	I just particularly liked the intern comments and the graph reflecting the changes over the years. The video was insightful. It made me reflecting on how much talking I do instead of listening.	11/20/2018 10:16 AM
30	The CIT Mentor Network work seems very ambiguous. We are having a difficult time finding a common goal because we all (and our interns) come from different settings with different challenges. For example, my network team wants to focus on challenges with co-teaching because that is something that is central to being an ENL teacher. However the struggles of my group members and their interns are not applicable to my situation and that of my interns. I think we are going to spend half the year just figuring out what to do, rather than getting anything done. I really enjoyed the reading from the Culturally Responsive Teaching book last year. We had concrete assignments and discussion pieces that were relevant in some capacity to everyone. I think in the future, we should think about returning to something similar.	11/20/2018 10:04 AM
31	Very well organized.	11/20/2018 9:13 AM
32	More time during the meeting to work on the mentor network activity.	11/20/2018 8:42 AM
33	-Loved Celeste Headlee's TED Talk! Great reminders and fresh ideas for improving listening. - Reading the comments from interns was enlightening.	11/20/2018 8:42 AM
34	I am not sure that the mentor networks were comparable. However, there were good ideas and insights that helped my group think about a different direction to take.	11/20/2018 8:39 AM
35	I was very confused about the mentor networks. Even the people at my table who were present at the September gathering were confused about the mentor networks. I felt very lost during during that part of the session.	11/20/2018 8:29 AM
36	I work until 4:30, so I missed the discussion on the intern's comments. It is good to see what they said in order to see things from their perspective.	11/20/2018 8:26 AM
37	I appreciate inspirational and informative videos	11/20/2018 7:52 AM
38	Again, my one bit of advice would have been to allow more time for the second meeting with another mentor group.	11/20/2018 7:44 AM
39	Only some members of our table felt compelled to participate in reviewing the data.	11/20/2018 7:44 AM
40	Wonderful job by facilitators planning and delivering during these meetings. I thoroughly am enjoying my mentoring experiencing. I enjoy my group, but often conversations, especially at the beginning become personal and one on one. It can be difficult to assert yourself to contribute without feeling like you're being rude. I definitely do a lot more listening than talking in the CIT Mentor Network portion of this experience, but as a green new mentor, maybe that makes sense.	11/20/2018 7:38 AM

41	The Ted Talk was awesome, would like to see more videos with her in the future.	11/20/2018 7:24 AM
42	The protocol of world cafe was wonderful, but the topic we used with it wasnt super productive because it seemed like ecah grou is doing the same thing - shared Google folders of resources.	11/20/2018 7:04 AM
43	loved the Ted Talk!	11/20/2018 6:49 AM

47	Being able to work and talk with other mentor networks was fantastic.	11/19/2018 8:59 PM
48	I thought it went well.	11/19/2018 8:58 PM
49	As brief as the TED talk was, it was very enlightening.	11/19/2018 8:57 PM
50	the TED talk was great!	11/19/2018 8:48 PM
51	The Celeste video was my favorite part!! Such a great reminder... something to always think about! I love my network group... we are tightly connected and really have come together for a similar and specific purpose- speech therapists are awesome!!	11/19/2018 8:45 PM
52	Today was one of the best formats and provided the most useful information. The shorter time frame (2 hours) is also easier to stay focused after a day of working	11/19/2018 8:21 PM
53	Meeting with the other mentor groups did not lead to meanful conversations. We received a that's nice / good idea and in return were told they had not discussed it or half the group was busy gossiping.	11/19/2018 8:21 PM
54	The last two comments in the culturally relevant teaching (something along lines of "this is not related to my classroom" and "my mentor and I never needed to discuss cultural relevance") were alarming. This means as mentors we still have a lot of work to do and some don't understand it's importance.	11/19/2018 8:13 PM
55	See #1 if this survey !!	11/19/2018 8:05 PM
56	Wish we had a bit more time to discuss with our mentor team	11/19/2018 8:03 PM
57	I really enjoyed the TED talk video- timely and relevant!!	11/19/2018 7:57 PM
58	I really enjoyed the TED Talk by Celeste Headlee. It really highlighted the importance of active listening. Her points were easy to remember and specific.	11/19/2018 7:51 PM
