A word about sneakers...

Believe it or not, sneakers take up a lot of our instructional (teaching) time. More specifically—the laces!!! We are asking that your child wears sneakers with VELCRO if they do not know how to tie their own shoes. If they know how to tie—they are welcome to wear sneakers with laces. This request may seem odd, but we want to focus our energy on teaching and learning—and not tying shoes! If your child already picked out sneakers with laces—please teach them how to tie this summer! THANK YOU!!
