   Following the review of the purchasing policy, language for purchasing in the correction facilities will be removed. The Budget policy, new budget transfer and Purchasing policy have been forwarded out of the Committee as first Discussion items in tonight’s meeting. We will revisit the Fund Balance Policy in the January 26, 2021 Special Meeting.

   - Other Discussion Items:
     - January & February 2021 Finance Resolutions Review

   **Motion** to accept the District’s (unaudited) December 2020 Financial Report and Second Quarter Change Order Report (Oct-Dec 2020) made by Vice President Elliott. Seconded by Commissioner Maloy. **Adopted 6-0 with President White absent.**

4. **Governance Committee** – Commissioner Maloy reported that the Committee met as a Committee of the Whole via Zoom Video Conferencing on Tuesday, January 5, 2021

**Board Approved February 25, 2021**
Topics discussed during that meeting included:

➢ An update presentation on the Commissioner Onboarding Process and Standards of Procedures. In order to address action items listed in the State Monitor’s Fiscal and Academic Plans District Clerk Wade shared changes that have been made to enhance the onboarding process for newly appointed commissioners. This process is closely aligned to Policy 2510, which dictates the actions to be taken to orient new members to their role on the Board. Our enhanced process now features orientation-based meetings not just with the major departments and members of the administration within the District, but also with the Board’s advisory groups. As an added feature, the Board orientation process now also includes definitive timelines to allow for better tracking of completion.

➢ The next discussion focused on the Board liaisons to preschool programs. As many may know, the Board has a longstanding practice of assigning liaisons the District schools. This allows for a unique relationship to be built between Board members and the communities and schools they serve. However, preschools are traditionally not a part of this process. In response to Administration’s identification of this gap, Commissioner Adams has now been appointed as the liaison to Rochester Early Childhood Center, and Commissioner Powell, who is already the liaison to School No. 33, will be the liaison to their preschool program.

➢ During the Governance Meeting, we also discussed Board resources. Traditionally, the Board utilizes the unabridged version of the Roberts Rules as a textbook for Board meeting proceedings. However, acting General Counsel Carling shared that it may be more useful to refer to the “In Plain English” version of the text. This version is more aligned to smaller Boards such as our own and would be an asset. Board members may purchase a copy for personal use or speak with Board staff regarding acquiring a copy.

➢ In respect to time constraints the discussion item on BOE Compensation (related to Resolution 2005-6: 420) was been tabled to our February meeting. We will revisit the topic at that time and also provide a promised update on the Board Poll.

VII. Superintendent’s Report:
Superintendent Myers-Small presented another update to the Board regarding the reopening of schools. Dr. Myers-Small also advised provided an update on the most recently released graduation data and provided a refresher on her annual goals for the District. Following this, she provided Covid-19 updates, updates on hybrid learning and professional development, updates on teaching and learning, and updates on the State Monitor Academic and Fiscal Plans.
