

Northeast College Preparatory High School | 2021-22 Profile

Location and Description

The Rochester City School District (RCSD) is one of the largest urban districts in New York State and is located in Rochester, New York. Rochester City School District serves a diverse population of students in grades PreK -12 at 55 Pre-K sites, 46 elementary and secondary schools, and 10 alternative programs. There are 26, 078 students enrolled in the district. The demographics are as followed: Black or African American - 53.1%, Hispanic - 32.7%, White -9.6%, Asian -2.9%, and Other - 1.7%.

Mission: To foster students' individual talents and abilities in a nurturing environment of equity.

Vision: The Rochester City School District's vision is to ensure all students have equitable access to high-quality education and graduate each student as a productive member of society.

School Mission

Northeast High School provides a unique environment where students have the freedom to succeed through education, excellence, and empowerment.

School Summary

NEHS is a Community School with a Student Support Center made up of eleven community agencies. Additionally, NEHS houses a fully operational health center partnered by the University of Rochester. NEHS also has a Student Voice Committee giving students a "voice" in decisions that impact the school community. Students also take part in CMAP (College Mentoring for Access and Persistence) and My Brother's Keeper initiative.

Cohort Data and Post-Secondary Options

Number of students in current cohort (2018 cohort) = 120

Number of students in last year's cohort (2017 cohort) = 104

Percentage of students from last year's cohort (2017) in enrolled in:

College = 22%

Career = 36%

Other = 42% (unknown, gap year, etc.)

Graduation rate

(2020-2021 school year/ cohort 2017) = 63%

National Assessments

SAT Assessment scores not available due to COVID-19.

Average SAT Scores

	RCSD	State
Reading & Writing	467	528
Mathematics	451	523
Cumulative	917	1052

Course Descriptions

Social Studies:

Social Studies education is required for all students every year of their school careers from Kindergarten through grade twelve. In the early grades, students explore their own families, communities, and the communities of others as they build their historical thinking skills. As the years progress, students conduct more in-depth investigations of peoples in the United States and the rest of the world in order to develop a better understanding of the core areas of social studies: government, economics, geography, and history. Ultimately, it is the goal of the social studies program to help students develop the critical skills needed to be active citizens in our community, our country, and our world.

English

English I – English IV
Four units of English and the English Regents are required for high school students to graduate in New York State. Our program is designed to foster the reading, writing, listening, speaking, language, and critical thinking skills necessary to be college and career ready. Students will be required to read, analyze and synthesize across literary and informational texts, write for multiple audiences, tasks, and purposes, listen and speak in collaborative discussions with their peers, and demonstrate a solid command of the English language. English classes are selected with students according to reading and writing skill level, as determined by state assessments, student performance and student interest. Students who demonstrate a need for additional assistance with English skills will receive these services through supplemental instruction. All students are required by New York State to take the Common Core English Regents Examination; a student must pass this

exam in order to earn a diploma in New York State. Eligible students may take the exam in other grade levels.

Science

Science offerings for the secondary level include the following: Living Environment, Physical Setting/Earth Science, Physical Setting/ Chemistry, Physical Setting/ Physics, General Chemistry, Environmental science and Anatomy & Physiology.
