

Rochester Early College International High School

2021-22 Profile

Location and Description

The Rochester City School District (RCSD) is one of the largest urban districts in New York State and is located in Rochester, New York. Rochester City School District serves a diverse population of students in grades PreK -12 at 55 Pre-K sites, 46 elementary and secondary schools, and 10 alternative programs. There are 26, 078 students enrolled in the district. The demographics are as followed: Black or African American - 53.1%, Hispanic - 32.7%, White -9.6%, Asian -2.9%, and Other - 1.7%.

Mission: To foster students' individual talents and abilities in a nurturing environment of equity.

Vision: The Rochester City School District's vision is to ensure all students have equitable access to high-quality education and graduate each student as a productive member of society.

School Mission

To develop globally competent scholars.

School Community

RECIHS is an urban school in the City of Rochester, New York. Currently the school is housed at the Wilson Foundation Academy on the 3rd floor. 9th through 12th graders are at our school located at 200 Genesee Street.

Our Student Body and Curriculum

We are a relatively small school with approximately 370 9-12th graders. We are one of the Early College programs in NY State. We opened our doors in 2009 and graduated our first class in 2013. Our scholars consist of 17 different languages (24%). We welcome scholars from all over. RECIHS is a block schedule school. Scholars take 5 blocks a day and can earn up to 5 credits a semester. There are 2 semesters in a year. Scholars are able to take dual enrolled classes through our high school as well as on campus. We have 90% of our scholars receive free or reduced lunch. In 12th grade our scholars are required to do 20 hours of community service within their Participation and Government class. We do not rank, but we work on a 4.0 scale. Our GPA is calculated from 9th grade until 11th grade. Students must earn 22 credits and pass 5 New York State Regents Exams in order to graduate.

Assessments

Students in grades 9-11 take the PSAT in October of each school year. Seniors are administered the SAT in October and can register for the SAT through College Board throughout the school year. Our students earn college credits in their dual credit and college courses so for that reason we do not offer Advanced Placement classes and/or exams.

Curriculum Information

Partnership with MCC (opportunity to earn a minimum of 24 college credits up to an Associate's Degree), MCC Upward Bound, Hillside Work Scholarship, Dual Credit courses through the Monroe Community College, MCC Summer College Orientation Program, RECIHS Summer School, and the Pathways to Public Safety Program.

Unique Courses

Microsoft Office, Intro to Business, Personal Money Management, Public Speaking, College Strategies, Personal Health and Wellness, Mandarin Chinese, Spanish 101, and Art Essentials.

Number of students;

Enrolled in a college program: 80%

Employment: 10%

Other: 10%

Graduation Rate 2017 cohort (2020-21): 93%

National Assessments

RECIHS Assessment Data not available due to COVID-19.

Average SAT Scores

	RCSD	State
Reading & Writing	467	528
Mathematics	451	523
Cumulative	917	1052

Course Descriptions

Social Studies:

Social Studies education is required for all students every year of their school careers from Kindergarten through grade twelve. In the early grades, students explore their own families, communities, and the communities of others as they build their historical thinking skills. As the years progress, students conduct more in-depth investigations of peoples in the United States and the rest of the world in order to develop a better understanding of the core areas of social studies: government, economics, geography, and history. Ultimately, it is the goal of the social studies program to help students develop the critical skills needed to be active citizens in our community, our country, and our world.

English

English I – English IV
Four units of English and the English Regents are required for high school students to graduate in New York State. Our program is designed to foster the reading, writing, listening, speaking, language, and critical thinking skills necessary to be college and career ready. Students will be required to read, analyze and synthesize across literary and informational texts, write for multiple audiences, tasks, and purposes, listen and speak in collaborative discussions with their peers, and demonstrate a solid command of the English language. English classes are selected with students according to reading and writing skill level, as determined by state assessments, student performance and student interest. Students who demonstrate a need for additional assistance with English skills will receive these services through supplemental instruction. All students are required by New York State to take the Common Core English Regents Examination; a student must pass this

exam in order to earn a diploma in New York State. Eligible students may take the exam in other grade levels.

Science

Science offerings for the secondary level include the following: Living Environment, Physical Setting/Earth Science, Physical Setting/ Chemistry, Physical Setting/ Physics, General Chemistry, Environmental science and Anatomy & Physiology.
